

INFORMATION ABOUT OUR CONSIGNMENT PROGRAM

BUYING

We will ship skis anywhere in the United States. Please call or email with questions or to order.

Explanation of our rating system for consignment skis:

Excellent: A close to new or lightly used ski, or a ski that has been so well cared for that bases and edges are like new. With the recommended prep, this ski will be like a new pair of skis (cosmetic damage not withstanding).

Good: These skis have been used a bit more but still have plenty of life left in them.

Fair: These skis will last a season, but not much longer.

Recommended Preps:

Without receiving the recommended prep, skis may have scratches on bases or edges, base bevels may not be set accurately, and side edges may not be sharp.

SELLING

We price skis according to a formula based on production year and condition. Edgewise takes a 35% commission from the sale of the ski. Seller may take a check or a store credit as payment.

We accept adult skis from the past two years only, with an exception for speed skis in excellent condition. We accept junior skis from the past 4 seasons, provided they are in good or excellent shape. We reserve the right to refuse to take a pair of skis for any reason.

If your skis remain with us as the production year changes, we will lower the asking price of your skis accordingly. If we call you to pick up your skis and you do not pick them up within a few weeks, we will donate them to someone who will appreciate them.

Skis with bindings are more likely to sell.

We also take used GS and DH suits in good condition.
